II. Need, Rationale and Synergies of business of the entities involved in the Scheme

The Committee of Independent Directors of the Company noted the rationale and the benefits of the Scheme which, *inter-alia*, are as follows:

Circumstances necessitating the Scheme:

- According to the Rule 8(1)(f) and Rule 8(3)(f) Securities Contract (Regulations) Rules, 1957 ("SCRR"), and the NSE Clarification Circular dated January 7, 2022 ("Circular"), members of a Stock Exchange except those provided under Rule 8(8) of SCRR, are not allowed to engage either as principal or employee, in any business, other than that of securities or commodity derivatives, except as a broker or agent, not involving any personal financial liability.
- The Department of Economic Affairs, Ministry of Finance, has published an amendment to the SCRR, on May 19, 2025, inserted a proviso in Rule 8(1)(f) and Rule 8(3)(f) clarifying that investments made by a member shall not be construed as business, except where such investments involve client funds or securities, or create a financial liability on the broker.

- In order to comply with the SCRR and the Circular, a segregation, of the non-broking business ("Non-Broking Business") from the equity broking business ("Broking Business") pertaining to the Demerged Company/the Transferor Company No. 1 into a separate vertical is necessitated. Pursuant to which, it is proposed to transfer and vest the Demerged Undertaking i.e., the Broking Business of the Demerged Company into the Resulting Company through this Scheme.

Objects Sought to be achieved through the Scheme:

In order to comply with the SCRR and the Circular, a segregation, of the non-broking business ("**Non-Broking Business**") from the equity broking business ("**Broking Business**") pertaining to the Demerged Company/the Transferor Company No. 1 into a separate vertical is sought through this Scheme (*as defined hereinafter*) under Sections 230-232 of the Companies Act, 2013 ("**2013 Act**").

Further, as part of an overall strategy for the optimum running, growth and development, addressing the rapidly changing market trend, peer conditions, administrative hassles, need of flexible and focused management, it is considered desirable to amalgamate the Remaining Businesses i.e., the Non-Broking Business of Demerged Company and Transferor Company No. 2, Transferor Company No. 3, and Transferor Company No. 4 and Transferor Company No. 5 and Transferor Company No. 6 with and into the Transferee Company.

This realignment through the Scheme will enable the management and board of directors of the group Companies to chart out independent strategies for their commercial operations in order to maximize value creation for the respective shareholders as well as comply with the provisions of Rule 8(1)(f) and Rule 8(3)(f) of the SCRR, Amendment and the Circular.

The Demerger shall achieve the following benefits for the Companies:

1. The transfer and vesting of the Demerged Undertaking of the Demerged Company to the Resulting Company through this Scheme is with a view to unlock the economic value of companies.
2. The Demerger shall allow the Demerged Company and Resulting Company to pursue independent growth strategy for its targeted client base.
3. Enhancing operational efficiency, ensuring synergies through pooling of the financial, managerial and technical resources, personnel capabilities, skills, expertise and technologies; and
4. The Demerger shall assist in rationalizing the corporate structure and reduction of shareholding tier.

The proposed amalgamation is likely to result in the following advantages:

1. The proposed amalgamation will overcome operational constraints including availability of workforce/employees, expertise and supervision, other common resources, etc.
2. The amalgamation would result in reduction in the multiplicity of legal and regulatory compliances, multiple record keeping and cost saving by way of reduction of overheads, administrative, managerial and other expenditure.
3. Reduction in the number of Non-Banking Financial Companies within the Almondz Group through surrender of the NBFC license to the RBI as a result of amalgamation.
4. The amalgamation would allow the Transferee Company to benefit from the complementary skills of the combined management team, which will in turn enhance the overall corporate capability, provide focused strategic leadership and facilitate better supervision of the business.

5. The amalgamation would result in improved competitive position of the Transferee Company as a combined entity.

The Committee of Independent Directors is of the informed opinion that the Scheme is in the interest of the shareholders, creditors, lenders, employees and other stakeholders of the Companies. This Scheme is not expected to be in any manner prejudicial to the interest of the concerned shareholders, creditors, lenders, employees or general public at large.

III. Cost benefit analysis of the Scheme

After evaluation of the proposed Draft Scheme of Arrangement, the Committee of Independent Directors is of the view that implementation of the Scheme would lead to incurring of some costs, however, the benefits of the Scheme over a longer period would far outweigh such costs for the stakeholders of the Company.

IV. Recommendation of the Committee of Independent Directors

The Committee of Independent Directors after due deliberations and due consideration of all the terms of:

- The Draft Scheme of Arrangement,
- Valuation Report dated September 11, 2025 issued by Mr. Harish Chander Dhamija (Registration No. IBBI/RV/03/2018/10088)
